

Vaxpert inc.,
Company Profile

— Overview

Company Name: Vaxpert Inc.,

Countries: USA, UAE, China, Turkey, Middle East and Africa

Established Year: 2005

Number of Employees: More than 100

Slogan: " sense beautiful life "

Main Activity: Manufacturer of Laboratory Products

What's Behind Our Brand?

With over 20 years of expertise in the medical devices industry, Vaxpert Inc. has earned a reputation for excellence and trust among healthcare professionals and consumers alike. Specializing in research and development, production, and marketing, we are committed to delivering high-quality healthcare solutions worldwide.

What's Behind Our Brand?

Headquartered in Virginia, Vaxpert Inc. operates globally through joint ventures, strategic partnerships, and affiliated collaborations across Asia, the Middle East, and Africa. Our operational offices in the UAE, China, and Turkey ensure seamless distribution and top-notch support for our international clientele.

Our Mission

At Vaxpert, our mission is to revolutionize global healthcare by delivering cutting-edge laboratory equipment and rapid diagnostic tests. We are dedicated to empowering healthcare professionals and individuals with high-quality, accurate, and innovative products, ensuring timely diagnoses, improved patient outcomes, and a positive impact on communities worldwide.

Our Vision

To become a globally recognized leader in healthcare solutions, providing innovative diagnostic products and laboratory equipment that redefine quality, reliability, and accessibility, fostering a healthier and more beautiful life for everyone.

Innovation

We continuously innovate to develop cutting-edge solutions that address the evolving needs of healthcare professionals, striving to stay at the forefront of technological advancements.

Accessibility

We believe that everyone should have access to high-quality healthcare diagnostics. Therefore, we strive to make our products accessible and affordable, without compromising on quality.

Customer Satisfaction

We are dedicated to providing exceptional customer service and support, building lasting relationships with our customers based on trust, integrity, and reliability.

Reliability

Our products are built to be dependable and consistent, offering healthcare professionals the confidence they need to make critical decisions with precision.

Accuracy

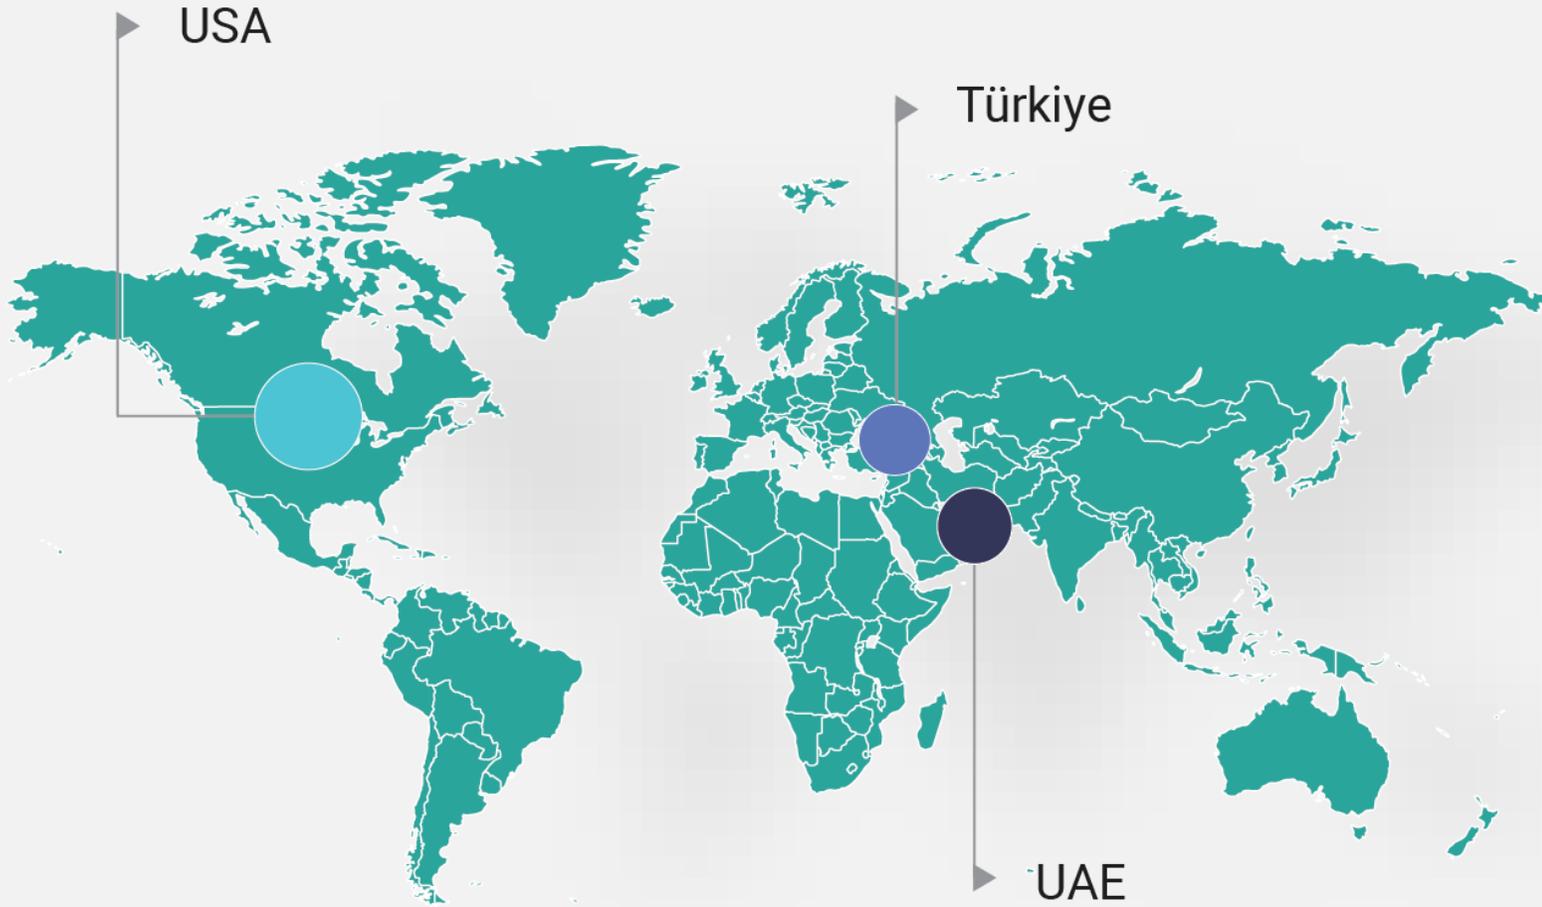

We are committed to providing laboratory equipment and diagnostic tests that deliver precise and reliable results, ensuring the highest standards of accuracy in healthcare diagnostics.

ISO Certificate

At Vaxpert, we place the highest emphasis on quality and reliability. Our products are manufactured in facilities accredited with ISO 13485:2016 for medical devices, ensuring strict adherence to comprehensive quality control systems. Additionally, our products are ISO 9001:2015 certified, confirming our commitment to maintaining the highest standards of quality management and continuous improvement. With these certifications and CE marking, we ensure that our products meet rigorous international standards for performance, safety, and accuracy.

Our Location

USA, 14955 Alpine Bay Loop, Gainesville, VA 20155

Türkiye, Misket Mahallesi 605. Sokak No:26/A-B-C-D-E Mamak/Ankara

UAE, Office No. 1702, Iris Bay Tower, Business Bay, Dubai

Human Diagnostic

Rapid Test

- › Women's Health (Fertility)
- › Infectious Disease
- › Tumor Markers
- › Drugs of Abuse
- › Cardiac Markers

Our products

Laboratory

Equipment

- › Biochemistry
- › Hematology
- › Hormonal
- › Electrolyte

Women's Health

- › Pregnancy
- › Menopause
- › ToRCH
- › Ovulation
- › PROM
- › Gynecological
Infectious Disease

Infectious Diseases

- > HIV
- > HBV
- > HCV
- > SYPHILIS
- > MALARIA
- > DENGUE
- > CHIKUNGUNYA
- > TB
- > STREP A
- > Influenza A & B
- > H. pylori

DRUGS OF ABUSE

Harm Reduction & Forensic Use

- › Specimen: Surface - Solid, Urine & Liquid
- › Specimen: Whole Blood/Serum/Plasma
- › Specimen: Hair
- › Specimen: Drink
- › Stain Identification

For Employment and Insurance (E&I)

- › Specimen: Urine
- › Specimen: Oral Fluid
- › Alcohol

Tumor Markers

- AFP
- CEA
- FOB
- PSA

Cardiac Markers

- > TROPONIN I
- > MYOGLOBIN, CK – MB
- > MYOGLOBIN, CK – MB,
TROPONIN I COMBO
- > hs CRP
- > NT-proBNP

Immunofluorescence Analyzer

V300

- Smooth operation, portable detection
- New UI interaction technology, smoother operation, accurate detection, automatic
- Identification of detection items, automatic collection of discarded cards

- Infection
- Sex Hormone
- Thyroid Hormone
- Cardiac Marker
- Kidney
- Cancer
- Infectious Disease
- Diabetes
- Gastric Function

Chemiluminescence Immunoassay Analyzer

V5000

REAGENT

No cold chain

Liyofilize boncuklar

- **Lyophilized Beads**
Adaptable to complex transportation environments
- **Individual packaging**
Reduce excessive reagent consumption
- **Long shelf-life**
Maximum 36 months long shelf life

- Bone Metabolism
- Glyco Metabolism
- Thyroid
- Anemia
- Inflammation
- Cancer
- Infectious Disease
- Diabetes
- Gastric Function

16.5cm

 Principle

CRET Homogeneous CLIA

 Sample Type

Whole blood/Serum/Plasma/
Oropharyngeal/Nasopharyngeal swab, etc.

 Sample mixing

Built-in mixer

 Dimensions

325×231×213mm

 Communication

LIS/HIS/5G transmission

Auto Chemistry Analyzer

VX-b400

280 Tests/Hour, Double Reagent

- Constant speed 280 tests/ hour
- Independent probe
- Independent s
- Reagent tray contains 80 reagent positions
- Sample tray contains 40 sample positions
- The reaction tray contains 44 UV Plastic reaction cuvettes
- 4-stage, 2 times automatic washing system

3-Part Auto Hematology Analyzer

VX-h360

- Throughput up to 60 samples/hour with whole blood mode
- 10.4 inch color display screen with touch panel
- Minimum volume 9ul whole blood
- Large storage capacity, 500,000 results

5-Part Auto Hematology Analyzer

VX-h560

- Throughput: 60 samples per hour, low sample volume 15ul for whole blood mode.
- WBC 5-part differentiation, 25 reportable parameters and 10 research parameters, 3 histograms, 3-diff scattergrams and 1 BASO scattergram.
- Double optical counting channel for both WBC and basophil measurement. Whole blood mode, prediluted mode.
- Powerful analysis ability about abnormal cells, sheath flow cytometry + tri-angle laser scatter technology.
- 10.4 inch large TFT touch screen with user-friendly software.
- Large storage capacity: up to 100,000 samples.
- Compact in size and lower weight.
- High precision within linearity range.
- Lost counting optimize algorithm about High PLT
